Celebrating Our 40th Anniversary!

2021 is the 40th anniversary of Historic Cold Spring Village's opening to the public! The story of the Village begins in 1973 when Dr. Joseph and Patricia Anne Salvatore acquired Cold Spring Grange #132. Over the next eight years, the Salvatores assembled a collection of 18th and 19th century buildings on twenty-two acres of wooded land between Routes 9 and 626. The Salvatores and their children, Rick and Kate, collected furnishings, fixtures, tools and implements for the buildings. Their objective was to provide visitors with a sense of stepping back in time to a South Jersey rural community of the 1800s. After eight years of development, the Village was opened to the public on May 23, 1981. In January 1985, the buildings and land were donated to the citizens of Cape May County. The County operated the Village for seven years until it was returned to the Salvatores in December of 1992. The family immediately donated it the museum to the newly-formed, private non-profit corporation, HCSV Foundation, with a three-fold mission of historic preservation, history education and heritage tourism. Its primary goal is to inform visitors about how our ancestors lived and worked two centuries ago.

Imagine you are living in a rural American village in the 1800s. Every day you perform the tasks necessary to keep your family fed, clothed, warm in winter and comfortable in summer. You know your neighbors and with their support, most of your needs are met. Now, imagine one day you learn that a neighbor’s dilapidated barn, which houses supplies and shelters workers, is in such decrepit condition that it must be replaced. What do you do?

“Raising” a barn was an endeavor that required assistance from the entire village. You, along with all your neighbors, had some part in helping the person in need build and secure the barn in place quickly. It was a community effort that benefited everyone, for you knew that when the need was yours, friends would respond in kind.

Historic Cold Spring Village is a neighbor in need, and you are our village. The Buildings and Grounds complex is the heart of the Village for it is here that collections and exhibits are stored and cared for, portions of buildings and their artifacts repaired, tools and tractors are refurbished and animals fed. The museum’s storage facility, which also provides a work and break area for the Buildings and Grounds staff, is desperately in need of replacement. The cost of the proposed reproduction Amish pole barn, which has been chosen to replace the trailer, is approximately 30% higher than the original proposal due to Covid-19 shortages. This has created a greater need for neighborly support than previously anticipated. The “seed money” for the barn will be funds from the Jerome S. Goldman Legacy Fund, started in honor of our revered blacksmith who was a part of the Village family for twenty years.

Historic Cold Spring Village is an integral part of Cape May County’s historic preservation, history-oriented educational programs and heritage tourism. Please consider donating to this worthy cause and be a partner in helping us create and celebrate a barn raising at Historic Cold Spring Village!

For donations of $150 or more, donor will receive a set of boxed HCSV note cards. Donations may be made through our website (hcsv.org) or by mail to Historic Cold Spring Village, 720 Route 9, Cape May NJ 08204. Please indicate that your donation is for the pole barn.

We Thank You!
